Subject: DOCKET NO. 2011-47-WS

Hello,

while it is reasonable for rates to increase since the last increase in what appears to be 2008; I certainly would like to request that an amendment be made to this docket so that the rate does not increase as much as it is in certain sections. I feel that the population will increase naturally in this state, especially in my area, and that will help offset the costs of the water service company's increases. The increase could make the state less appealing for new residents as well as businesses.

Thank you for your time,
Christina Del Llano
